

# FELLOWSHIP PROGRAM

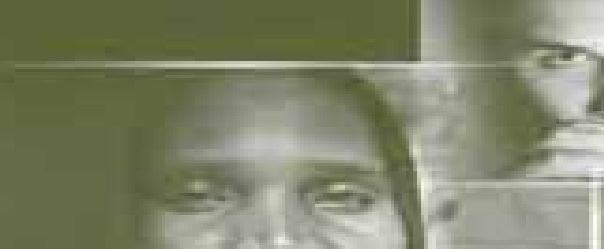

*The Fellowship Program hosted a Fellows' reception on October 29<sup>th</sup> 2008. This reception provided the opportunity for Fellows from all of the diverse hospital sites to meet one another.*

The Fellowship Program provides an opportunity for advanced academic training in specific clinical and/or research areas in Psychiatry. Ideally Fellowships are undertaken for two years, although a small number of candidates choose a one-year Fellowship. In general there are three different types of Fellows in the Department: Clinical-Research Fellows, Research Fellows, and Clinical Fellows. The Fellowship Program receives applicants from within the Department as well as nationally and internationally. There is a standard application process and each Fellow works with a primary supervisor in a specific Program within the Department. Each Fellow must submit an annual report on their scholarly activities and an award is offered each year based on this report. The Fellowship Director reports directly to the Vice-Chair, Education and sits on the Education Council. The Fellowship Executive consists of representation from hospital sites as well as representation from Programs, Fellows and Psychiatry Residents.

## EVENTS AND ACHIEVEMENTS IN 2008-2009

### Awards Available to Fellows and Supervisors

This was a very busy year for organizing competitions and offering awards and developing new awards. Fellows had the opportunity to nominate supervisors for the "Paul E. Garfinkel Award for Best Fellowship Supervisor" online, producing several nominations this year. This year's recipient was Dr. Yona Lunsky. We continued to offer "Best Accomplishment by a Fellow Award". This award is based on the best submission of an annual report from a Fellow in the Program. This year's recipient was Dr. Aristotle Voineskos. We were pleased to offer several travel awards this year to Fellows who were presenting their research at scientific meetings. This is an important development within the Fellowship Program and the support for this initiative will be reviewed on a year-to-year basis. This year's recipients were Dr. Ariel Graff-Guerrero, Dr. Susan Holtzman, Dr. Christopher Lo, Dr. Julia Sacher, Dr. Dallas Seitz, and Dr. Michael Tseng.

## Events

The Fellowship Program hosted a Fellows' reception on October 29<sup>th</sup> 2008. This reception provided the opportunity for Fellows from all of the diverse hospital sites to meet one another. In addition, Fellows had the opportunity to meet and exchange ideas about the Program with the Director, Executive Fellowship Committee and Education Council. During this year, we are planning events based on feedback from Fellows as well as events that seemed to receive positive feedback in past years. Fellows who serve on the Executive have taken a lead in organizing further events for Fellows.

The Fellowship program hosted its academic day event on April 23<sup>rd</sup> 2009. This event gave Fellows the opportunity to present their scholarly work to other fellows, supervisors and the fellowship executive. The event also provided a forum for academic and social exchange among Fellows.

## Works in Progress

The Fellowship Program continued to emphasize the importance of consistent effective evaluation and report procedures throughout this academic year. This initiative will continue to expand within the new academic year. The Director of the Fellowship Program served on the Faculty of Medicine Working Group for Clinical Fellows. One of the main aims of this working group is to provide standard guidelines for Fellowships across the Departments in the Faculty of Medicine.

## Fellows

Please refer to tables below for a listing of Fellows by Program or Division.

**Brenda Toner, PhD**  
*Director, Fellowship Program*

### FELLOWS ENROLLED IN THE PROGRAM - ACADEMIC YEAR 2008 - 2009

LAST NAME	FIRST NAME	PROGRAM
Agarwal	Parul	Child Division
Al Jarad	Abbdulqader Maqbul	Psychiatry, Health & Disease
Al Yousif	Mohammed Abdul Aziz Saleh	Mood & Anxiety Disorders
Alemu	Yonas, Baheretibeb	General
Alkhadhari	Suliman	Geriatric Psychiatry
Al-Osaimi	Fahad, Dakheel	Psychiatry, Health & Disease
Al-Saif	Deena	Child Division
Alshahrani	Sultan, Mohammed	Psychiatry, Health & Disease
Alzain	Nasser Mohammad Ali	Mood & Anxiety Disorders
Bacher	Ingrid	Mood & Anxiety Disorders
Back	David	Psychiatry, Health & Disease
Bassani	Diego, Garcia	Health Systems
Bin Daham	Riyadh	Mood & Anxiety Disorders
Blumberger	Daniel M.	Geriatric Psychiatry
Cassin	Stephanie	Mood & Anxiety Disorders
Carter	Wendy	Women's Mental Health
De Luca	Vincenzo	Neurosciences
Dockstader	Colleen	Child & Neuroscience
Favalli	Gabriela, Pereira de Souza	Schizophrenia
Ghaffar	Omar	Psychiatry, Health & Disease
Graff-Guerrero	Ariel	Schizophrenia

LAST NAME	FIRST NAME	PROGRAM
Grewal	Seena	Child Division
Holtzman	Susan	Psychiatry, Health & Disease / Women's Mental Health
Iosif	Alina	Law & Mental Health
Jain	Sanjive	Psychiatry, Health & Disease
Kakuma	Ritsuko	Health Systems
Lising-Enriquez	Katrina, Anna	Addiction Psychiatry
Liu	Shi-Kai	Schizophrenia
Lo	Christopher	Psychiatry, Health & Disease
Lobo	Daniela Sabbatini da Silva	Addiction Psychiatry
Lykins	Amy	Law & Mental Health
Maradones- Dominguez	Pilar	Psychotherapy
Marcu	Shai	Neurosciences
McAuley	Tara	Child
Menon	Mahesh	Schizophrenia
Morisano	Dominique, (Nika)	Schizophrenia/ Addiction Psy
Nadeau	Pierre-Oliver	Child Eating Disorders
Noble	Sarah, Elizabeth	General
